Notes to Financial Statements

### **Independent Auditor's Report**

To the Board of Directors of American Civil Liberties Union Foundation of Massachusetts, Inc. Boston, MA

I have audited the accompanying financial statements of American Civil Liberties Union Foundation of Massachusetts, Inc. (a nonprofit Corporation), which comprise the statement of financial position as of March 31, 2018 and 2017, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

# Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

# Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

#### **Opinion**

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of American Civil Liberties Union Foundation of Massachusetts, Inc. as of March 31, 2018 and 2017 and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Notes to Financial Statements**

#### 1. Nature of the Business

American Civil Liberties Union Foundation of Massachusetts, Inc. (the "Foundation") is a non-profit corporation whose mission is to defend freedoms guaranteed in the United States Constitution and Bill of Rights. The Foundation is affiliated with the American Civil Liberties Union Foundation, Inc. (the "National Foundation"), the American Civil Liberties Union, Inc. (the "National Union") and the American Civil Liberties Union of Massachusetts, Inc. (the "Union").

The Foundation was incorporated on March 19, 2015. On April 1, 2017 the Foundation entered into a General Bill of Sale and Assignment and Assumption Agreement pursuant to which it acquired all of the assets and succeeded to all of the liabilities of the American Civil Liberties Foundation of Massachusetts, a Massachusetts charitable trust organized under a Declaration of Trust dated December 29, 1969, as amended (the "Trust"). As a result of this transaction, the Foundation is the legal successor to the Trust.

The Foundation is exempt from Federal income taxes under section 501(c)(3) of the Internal Revenue Code. The Foundation is also exempt from state income taxes under the general laws of Massachusetts.

# 2. Summary of Significant Accounting Policies

#### **Basis of Presentation**

The accompanying financial statements have been prepared on the accrual basis with net assets, revenues, expenses, gains, and losses classified in three categories based on the existence or absence of externally imposed restrictions. Operating revenues consist of those monies received and contributions attributable to the Foundation's ongoing efforts. Nonoperating activities are limited to resources that generate return from investments and other activities considered to be of a more unusual or nonrecurring nature. The net assets of the Foundation are classified and defined as follows:

#### Net Assets without Donor Restrictions

Net assets that are not subject to donor-imposed stipulations are considered unrestricted.

#### Net Assets with Donor Restrictions

Net assets subject to stipulations imposed by donors, and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Foundation or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity. Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statements of activities.

# **Notes to the Financial Statements**

#### 2. Summary of Significant Accounting Policies (continued)

#### **Use of Estimates**

The financial statements are prepared in conformity with generally accepted accounting principles in the United States of America ("GAAP") which require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### Cash and Cash Equivalents

The Foundation considers all highly liquid investments with an original maturity of three months or less, when acquired, to be cash equivalents.

#### **Concentrations of Credit Risk**

Financial instruments that potentially subject the Foundation to concentrations of credit risk consist principally of cash and cash equivalents and investments. The Foundation maintains its cash and cash equivalents in various bank accounts that, at times, may exceed federally insured limits. The Foundation's cash and cash equivalent accounts have been placed with high credit quality financial institutions. The Foundation has not experienced, nor does it anticipate, any losses with respect to such accounts.

### **Property and Equipment**

Property and equipment are stated at cost at the time of acquisition or fair market value at the time of donation. Donated assets are considered unrestricted support unless the donor has restricted the donated asset for a specific purpose. Expenditures for maintenance and repairs are charged to expenses as incurred; major renewals, additions and betterments are capitalized. When assets are sold or retired, the related costs and accumulated depreciation are removed from the respective accounts and any resulting gain or loss is credited or charged to operations. Depreciation is recorded on a straight-line basis over the respective asset's estimated useful lives.

#### **Beneficial Interests**

The Foundation is at times named a beneficiary under the terms of various wills and trusts agreements, the total realizable amounts of which may not determinable. The Foundation's share of such interests is recorded when the proceeds are measurable.

The Foundation was named beneficiary of a perpetual trust ("the trust") held by third-party trustees with a determinable value. Accordingly, the Foundation has recorded the fair value of the trust in the accompanying financial statements. Due to the inactive market and unobservable inputs related to the trust, it is considered to be Level 3 in the fair value measurement hierarchy.

As stipulated by the donor, the principal balance of the trust plus any gains and losses is restricted in perpetuity. As such, the balance of the trust as of March 31, 2018 and 2017 has been classified as net assets with donor restrictions in the accompanying financial statement. The Foundation receives quarterly distributions of interest and dividends which are considered net assets without donor restrictions according to the donor's stipulations which have been recorded in the accompanying financial statements.

#### 2. Summary of Significant Accounting Policies (continued)

# **Bill of Rights Trust**

The Bill of Rights Trust represents the Foundation's unit holdings in the National Endowment held by the National Foundation. The National Endowment's underlying investments are comprised of cash and cash equivalents and publicly traded securities. Due to the inactive market and unobservable inputs available, the Foundation's shares in the Bill of Rights Trust is considered a Level 3 input on the fair value measurement hierarchy.

# **Pichey Endowment**

The Pichey endowment represents the Foundation's holdings in and endowment held by the National Foundation. The endowment's underlying investments are comprised of cash and cash equivalents and publicly traded securities. Due to the inactive market and unobservable inputs available, the Foundation's shares in the Pichey endowment is considered a Level 3 input on the fair value measurement hierarchy.

#### **Investments**

The Foundation values its investments at fair value in the statement of financial position. The statement of activities includes net investment income including, unrealized gains or losses, interest and dividend income. Realized gains and losses are calculated on the basis of specific identification of the securities sold. Purchases and sales of securities are recognized on a tradedate basis.

#### Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date. Fair value should be based on the assumptions market participants would use when pricing an asset. US GAAP establishes a fair value hierarchy that prioritizes investments based on those assumptions. The fair value hierarchy gives the highest priority to quoted prices in active markets (observable inputs) and the lowest priority to an entity's assumptions (unobservable inputs). The Foundation groups assets at fair value in three levels, based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are:

**Level 1**: Inputs that reflect unadjusted quoted market prices in active markets for identical assets or liabilities that the Foundation has the ability to access at the measurement date.

**Level 2**: Inputs other than quoted prices in active markets that are observable for the asset or liability either directly or indirectly, including inputs in markets that are considered active.

**Level 3**: Inputs that are unobservable for the asset or liability and that include situations where there is little, if any, market activity for the asset or liability. The inputs into the determination of fair value are based upon the best information in the circumstances and may require significant management judgment or estimates.

#### **Deferred Revenue**

Deferred revenue represents event income received prior to the occurrence of such events.

#### 2. Summary of Significant Accounting Policies (continued)

#### **Donated Services**

Donated services are recorded at the estimated fair value of the services provided to the Foundation. Contributed services are recognized for services that require specialized skills and are provided by persons possessing those skills in the period in which they are received in accordance with GAAP. Donated services consisting of primarily donated legal services amounted to \$104,350 and \$110,822 for the years ended March 31, 2018 and 2017, respectively.

A number of unpaid volunteers have made significant contributions of their time to the Foundation. However, the value of these services is not reflected in these statements because the criteria for recognition have not been satisfied.

#### **Advertising Costs**

Advertising costs are charged to operations as incurred. Advertising costs were not material and are included with printing and publishing expense in the accompanying financial statements.

#### **Functional Allocation of Expenses**

The costs of providing the various program and support services of the Foundation have been summarized on a functional basis in the accompanying financial statements. Certain costs and expenses have been allocated between program and supporting services on a reasonable basis by management.

#### **Revenue Recognition and Receivables**

Contributions received are recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions. Contributions that are restricted by the donor are reported as an increase in net assets without donor restrictions if the restriction expires in the reporting period in which the contribution is recognized. All other donor restricted contributions are reported as an increase in net assets with donor restrictions, depending on the nature of restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions.

As of March 31, 2018, contribution receivables consist of amounts donated prior to year-end not deposited until subsequent to year-end. As such, there is no allowance for doubtful accounts required.

Pledge receivables are recorded at the present value of expected future cash flows, net of an allowance for estimated unfulfilled promises to give. The discount on these amounts is computed using risk-adjusted interest rates applicable to the years in which the promises are received, approximately 1% as of fiscal year end March 31, 2017. Amortization of the discount is included in contribution revenue. As of March 31, 2017, pledge receivables due from two donors represented 94% of the total pledge receivable outstanding.

Conditional promises to give are not recognized until the conditions on which they depend are substantially met. Contributions of noncash assets are recorded at fair market value upon the date of receipt.

Bequests are recorded when received. During fiscal 2018 and 2017, a bequest from one donor represented 97% and 54%, respectively, of total bequest revenue recorded.

# **Notes to the Financial Statements**

#### 2. Summary of Significant Accounting Policies (continued)

# Revenue Recognition and Receivables - continued

Special event revenue is recorded when pledged or when the event occurs.

The Foundation may receive attorney's fees awarded by the court as a result of the settlement of certain types of litigation. Because the awards are not determinable until the resolution of the litigation, such amounts are not recorded until received. This may be several years after the litigation commences.

#### **Income Taxes**

The Foundation is recognized by the Internal Revenue Service as an organization described in Section 501(c)(3) of the Internal Revenue Code and is generally exempt from Federal and State income taxes except for income earned on unrelated business income. The Foundation has determined that it has not earned any unrelated business income as of March 31, 2018 and 2017 and therefore has not recorded a provision for tax expense.

The Foundation accounts for the effects for any uncertain tax positions based on a "more likely than not" threshold for recognition of tax positions being sustained based on the technical merits of the position under scrutiny by the applicable taxing authority. The Foundation has determined that there are no material unrecognized tax effects as of March 31, 2018 and 2017.

#### Reclassifications

Certain prior year amounts have been reclassified to conform to current year presentation.

# **New Accounting Pronouncement**

On August 18, 2016, FASB issued ASU 2016-14, Not-for-Profit Entities (Topic 958) – *Presentation of Financial Statements of Not-for-Profit Entities*. The update addresses the complexity and understandability of net asset classification, deficiencies in information about liquidity and availability of resources, and the lack of consistency in the type of information provided about expenses and investment return. The Foundation has adjusted the presentation of these statements accordingly. The ASU has been applied retrospectively to all periods presented.

# 3. Related Party Transactions

The Union

The Foundation is affiliated with the Union through shared management, administrative costs and rental space. The Foundation charged the Union \$355,364 and \$244,494 respectively, for the shared costs that include salaries, benefits and related payroll taxes for the years ended March 31, 2018 and 2017. Additionally, the Union charged the Foundation for its pro rata share of the rent for shared facility costs amounting to \$297,911 and \$198,401 which is included in occupancy expenses in these financial statements for the years ended March 31, 2018 and 2017, respectively. Related to the transactions described above, as of March 31, 2018, the Foundation had a liability due to the Union of \$81,283. In the prior year ended March 31, 2017, the Foundation had a receivable due from the Union of \$44,017 for the above referenced transactions.
