

Bedford High School Ipad Protection Agreement

The Bedford Public Schools recognizes that with the implementation of the ipad program there is a need to protect the investment by both the District and the Student/Parent. Due to the cost of replacing and/or repairing ipads, we **strongly recommend** that all families purchase insurance. We have included for your information on an insurance company that covers replacement and repair costs of ipads.

Options:

Insurance: You purchase an insurance policy, such as Worth Ave. Group (see below and enclosure), or arrange to have the device covered under your homeowner's insurance policy (contact your insurance agent or company for further information). If the policy has a deductible, you are responsible for paying the district that amount. You are also responsible for paying the district the cost of any items not covered under the insurance policy not to exceed \$550.00.

No Insurance: You will pay for the replacement and/or repairs of the ipad in a timely manner, at a cost not to exceed \$550.00 should the ipad be stolen, lost or damaged in any way.

Insurance Information: You may purchase insurance directly through this portal. You will receive a 10% discount on the premium.
